Feedback Evaluation from Southwark College

By Viv Oyolu

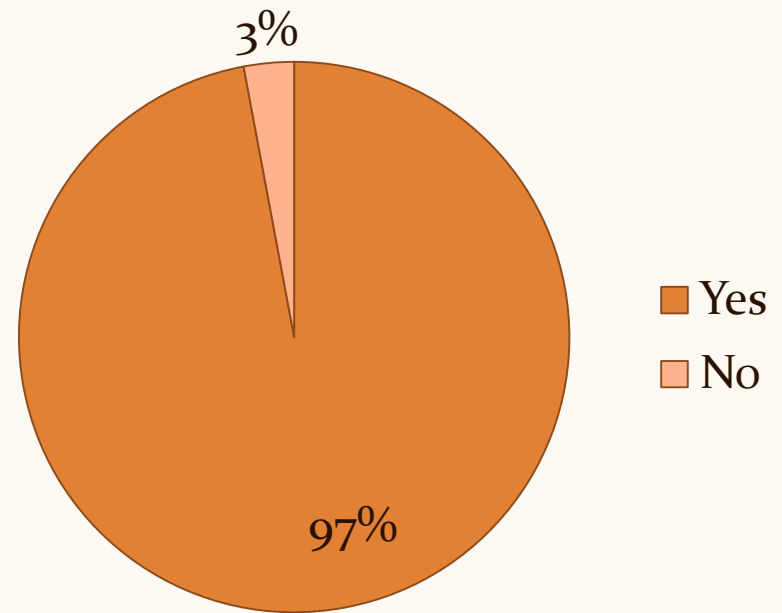

Overview

- Divine Communications Trust was contracted to deliver a series of talks on '*having a positive attitude*' to Levels 1 and 2 learners within the School of Engineering.
- Over 80 students attended and participated in the scheduled sessions, but only 69 of them completed the feedback forms. The sessions were interactive enabling students understand and make their own decisions about what attitude they need to achieve their goals at college, and in life generally. Some students choose not to answer all the questions so the total numbers vary per question.
- The feedback form covered simple quick questions within two sections - *Content* and *Delivery*.

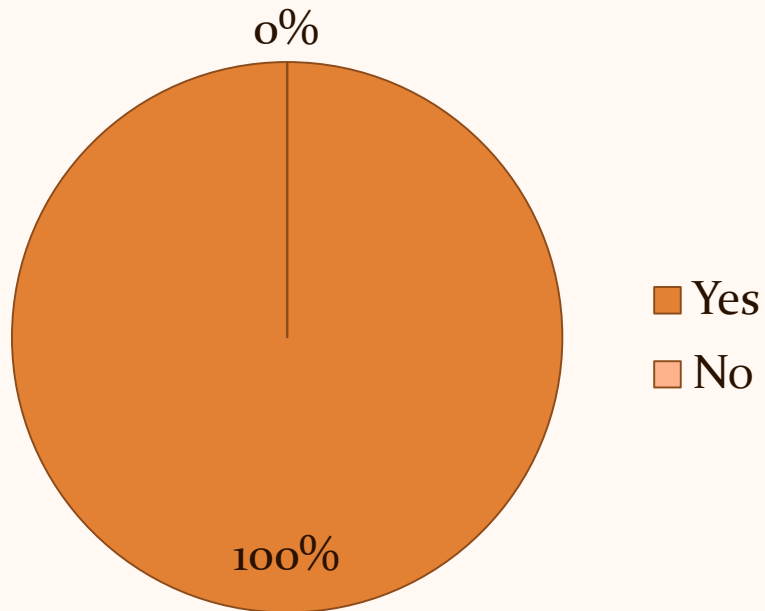

Did you enjoy the session?

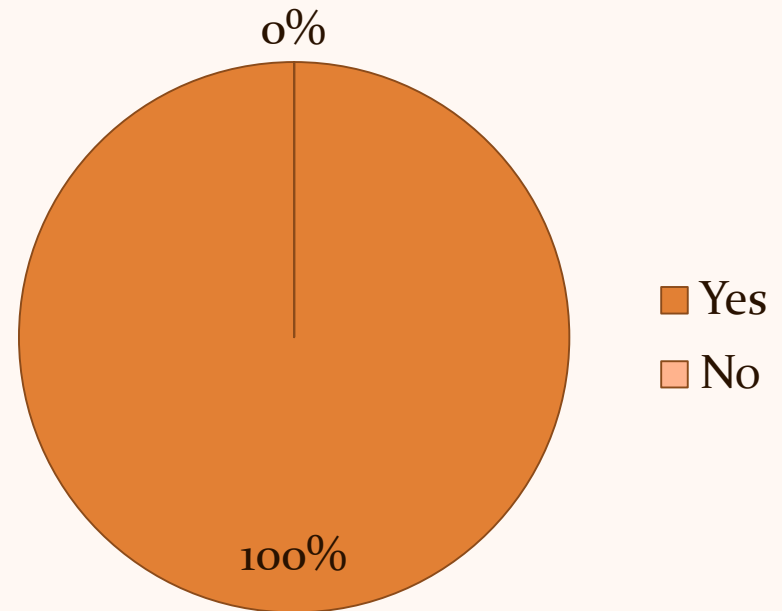

Was the content relevant to you?

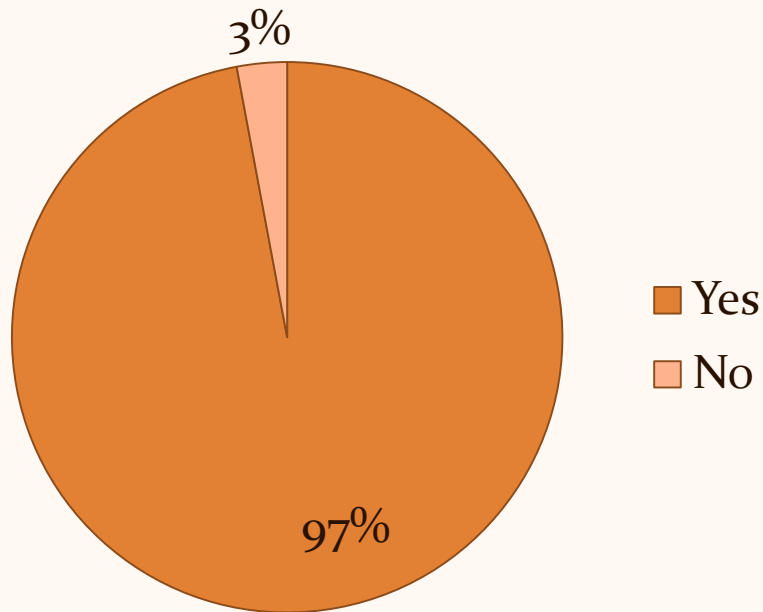

Were the questions appropriate for the session?

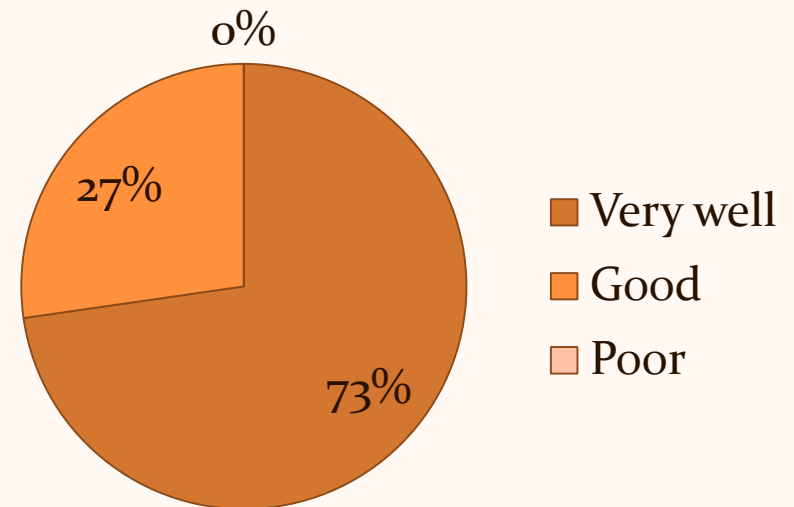

Was the presenter's style and tone appropriate for the session?

Was the presenter considerate about your points of view?

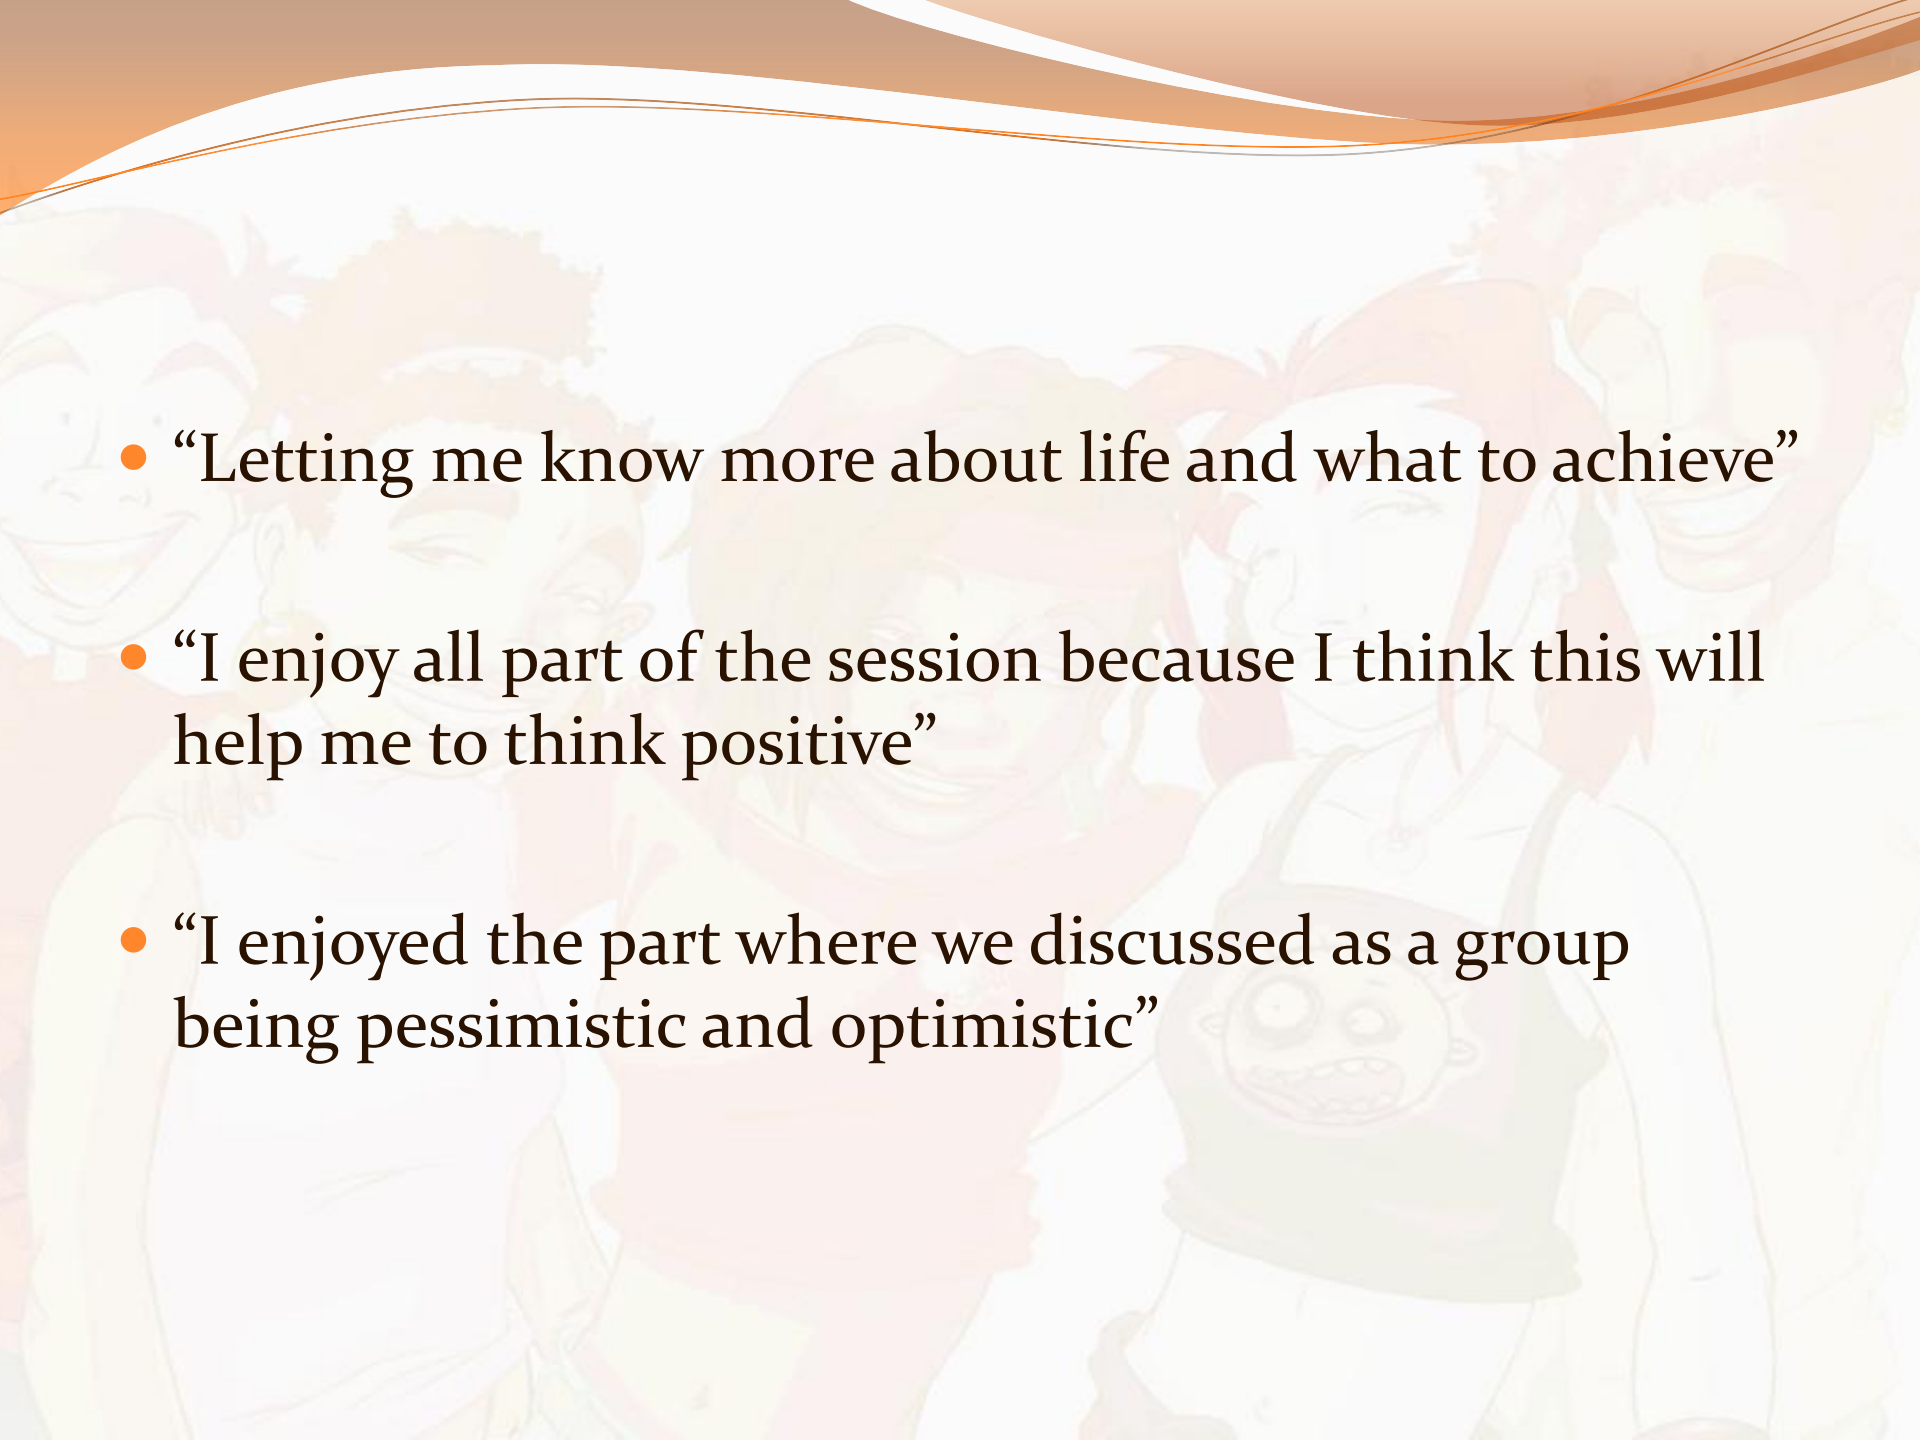

How would you rate the presenter's overall delivery?
